## The Clark Flyer August 2006

As we move into August, the field will be opening up on August 15th for flying and we have a full slate of upcoming

events. However before I get into the list of thing's that we are doing, I need to touch on a couple of things from our past. We are having a work party on Monday the 14th at 6:30 to paint the tables and get them prepared for another year. It was mentioned at the meeting that some of the work crew from last years work party were not given credit for all the work that they did. On behalf of the club, let me first apologize to anyone that was at this work party and not given proper credit and to give you my heartfelt Thanks for pitching in. Your efforts are most appreciated and needed, both in previous years and in the future.

The show that we had at the New Heights Church outdoor picnic and game day was a huge success as far as participation and interest by the Church Members. We were well fed by the Church and Thanked on many occasions for being there. Our Vice President, Dave Koon, set this event up and as mentioned it was a great success. Thanks to all that participated once again.

We have a fun fly set up for Sept. 3rd with Glen Nickleson being the CD. It is scheduled from 9 to noon and as usual, the field will be closed for general flying during this time frame. Hopefully Glen will remember that some of us fly nitro powered engines????

Larry Tate has scheduled a scale meet for Sept. 16 + 17. He wants to make this an annual event and the membership appears to be behind the idea. I personally have competed in scale contests in years past and while I know I need to get rid of a lot of rust, I am really looking forward to this event. Larry wants to keep this year's event low key to get everyone oriented with how a scale meet is worked, and he is going to use the flight maneuvers as a basis for all of us to fly with. If it is a scale plane, dust it off and come join us. Larry is also looking for anyone that wants to judge flight maneuvers and lend a hand. Just give him a call or any of the board members if you are interested.

At the meeting a discussion was had about setting up an area for some Helicopter pilot's. Alan has posted a proposed are on a map on the web site. Give it a look see and put together your thoughts for the next meeting.

Well guys and gals, keep it safe and we shall see you at the field. Dave

## Meeting Minutes August 9th, 2006

The meeting was called to order at 7:30 by President Dave Agar

Steve Piper reported that we have \$4,445.63 in the checking account. He also stated that we have 92 members as of this meeting. Clay made a motion to approve with a second by Louis. Report was approved by the membership.

A discussion was held about the New Heights show. More about that in the presidents Column.

Our club website is going to be moved to another server. John Shirron briefed the membership that IPpowerWeb.com will become our new server for \$7.00 a month fee.

Steve Piper made a motion to approve, with a second by Glen. The motion was approved and Alan was seen jumping for joy. Thanks go out to Alan for letting us use his space for so long.

Our next fun fly is being held on Sept. 3rd from 9 to 12. Glen Nickleson is the CD. The field will be closed to general flying during the fun fly.

We are going to have a Scale Contest on Sept 16 + 17. Larry Tate is the CD for this event. He wants to make this contest an annual event with this first one to have a fun fly style attitude, with scale flight and judging rules in effect. There was a lot of interest at the meeting so it should be a fun time for all.

We are having a work party on Monday the 14th of August at 6:30 pm at the fields to paint the tables. Our paint is being donated, so please show up with your old clothes on and a paint brush. If you can, bring water to be used to clean the tables first.

Alan Cooper brought up the subject of having

the Helicopter flyers using the south end of the field, so as to attract more members. He has posted a map on the web site and the discussion was tabled until next meeting.

Show and Tell was a huge success this month.

Larry Tate had his SE 5 that he won as a raffle prize a few months back.

Lou had his Proctor Antic.

Gregory Agar had his Ultimate Bipe.

Glen Nickleson had an ME 262 and Mini Ultra Stick.

August Raffle:  
Kamdax MiG 15 ARF  
Won by Lance Caldwell

Louis had his Mig.

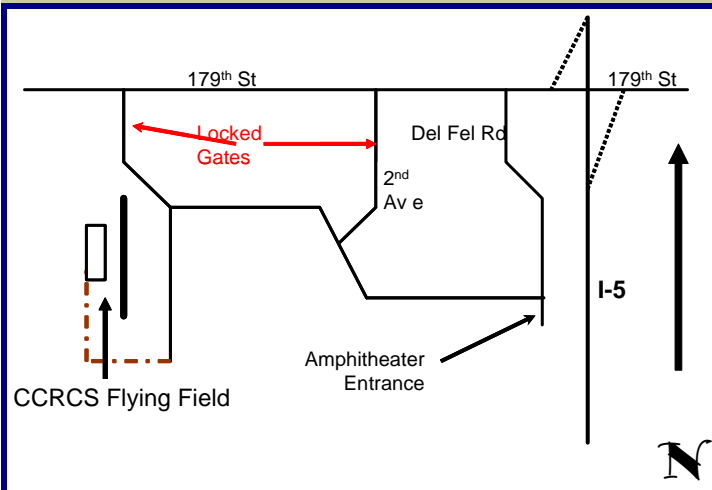

Jerry had a Cougar.

Lance had his scratch built Bipe.

Lance had the last show and tell and he was the monthly raffle winner of an 0.61 size Mig.

No criers raffle this month.

Submitted by Secretary Greg Agar

**Directions:**

Exit 9 from I-5 ( Battle Ground Fairground exit) Head west to 2nd Ave. There are two ways to get to the field. Spectators and club members can use the Amphitheater entrance (open from 8 AM. until 9 PM. most days).

If locked club members can use the club entrance off of 2nd Ave. You must be a member and know the combination of the lock!
