The Clark Flyer December 2006

Well with the December Dinner behind us, it allows me to reflect on this past year. In my mind we have seen an increased amount of membership participation in everything. The meetings have had more attendance and the contests at the field have filled up all the tables. Even the work parties have had increased participation. Guys and gals, this is great and to each and every member, thanks. It is this participation that keeps a club going and keeps it successful.

Special thanks to Jim Taylor and John Shirron for the Dinner Party. There

were plenty of prizes to be had by all and the evening ended with an auction that was great fun and put a lot of money back in the club's bank account. We thank all the hobby shops that either donated prizes or supplied them at a greatly reduced cost. It was a great time by all and a wonderful dinner. Thanks once again.

Our next meeting will usher us into the New Year. There are talks already about another scale contest and possibly asking other clubs to come join in. I am sure that we will get back into the fun fly's again, which are always a lot of fun. If anyone else has an idea for an event, then please come to the meeting and present it.

We shall see you at the next meeting and to one and all, I wish you the best of the Holiday season.
